Brother Martin, Provincial of the Order of the Brothers of the Sacred Heart in the country was in attendance. The Brothers were also honored in having Brother Albertinus, Superior General of the Order present.

Five changes were made in the faculty at St. Stanislaus. Brother Casimir was named at Stanislaus during the past year as President. He has been reappointed. He has made a splendid record in this institution, and certainly the people of Bay St. Louis, and the parents of the boys attending the school are happy that he has been reappointed. He is an outstanding school man, a good disciplinarian and administrator. Admired and respected by all who know him. Brother Linus, Vice President was reappointed to Stanislaus. The high school faculty will be composed of the following: Brother Clement, Brother Felician, Brother Timothy, Brother Dominic, Brother Albert, Brother Thomas, Brother Leonard, Brother John and Brother Patrick. Other appointments are as follows: Brother Francis who will act as Counselor and Treasurer; Brother Robert, Brother Joseph, Brother Michael, Brother Joseph, Brother Cyran, Brother Florant, Brother Conan, Brother Alban, Brother Aubert, Brother Aurelian, Brother Oswald and Brothers Kostka and Ephraim as Prefects.

YOUR STATE HEALTH OFFICER SAYS

Undulant fever has again reared its ugly head in Mississippi with 48 cases already reported this year, and the year only approximately half gone. Heretofore the largest number of cases reported in any one year was 45. Since undulant fever is a disease caused by the same germ that causes contagious abortion, or Bang's disease, in cattle, these figures show beyond doubt that people are being infected by drinking raw milk or in some cases by direct contact with infected animals.

Undulant fever is a disease of long duration and recurring intensity; the patient grows better, thinks he is on the mend, and then is discouraged when his old symptoms return. Such symptoms are: aching, weakness, fever, chills, sensations and sometimes pain of a rheumatic or neuralgic nature.

There are only two ways to prevent undulant fever: by elimination of the diseased cows from the herd and by use of pasteurized milk. Testing and finding the vectors of Bang's disease is desirable but has one great drawback—animals tested and found free from the disease may become infected shortly afterward.

Pasteurization of milk is the only guarantee of freedom from infection with undulant fever. In addition it provides protection against typhoid fever, the dysenteries, colitis, diarrhea, septic sore throat, scarlet fever and tuberculosis. Most harmful bacteria found in milk are readily killed by heat maintained for a few minutes. Pasteurization affords this safeguard to health without in any way affecting the food value of the milk.

WAR MEMORIAL

The matter of major importance to come before the Bay-Waveland Garden Club at the August meeting held last Thursday was the approval of the War Memorial which the club hopes to see erected here as a memorial to each and every man in Hancock County who served in World War II.

The plan as set forth by the president, Mrs. J. R. Scharff, proposes a memorial in the form of a community house around which would center all community activities. It was suggested that it might house such organizations as Boy and Girl Scouts, Youth Center, Chamber of Commerce, Red Cross, Library, Bay St. Louis War Council and other like activities. The club voted its approval of the plan and pledged its support.

A report was heard from the committee on building sites but no action was taken.

A report was heard from the committee on the revision of the constitution and by-laws which was tabled until the September meeting.

Mrs. J. J. Fogarty was guest speaker and gave a most interesting and helpful talk on the culture of roses.

Visitors were Mesdames William Rau, Andrew Allison, Carrie Riddle, Alice Buckley, New Orleans; Edward Means, J. B. Goldman, E. I. Means, T. Thomas F. Ryan, N. T. Watson and Miss Mary Palmer, Minneapolis.

Lt.-Commander Alfred Brunson (Mike) Wallace 29, year old son of Mr. and Mrs. W. L. Wallace of 630 Second Street Gulfport, was killed in action in the Pacific Theatre on July 30 three days after assuming command of his own ship.

This news was conveyed to the many friends of Mr. and Mrs. Wallace here through the press and was received with deep regret.

Both Mr. and Mrs. Wallace made their home here for several years and friends here knew what an outstanding gallant youth Mike was.

He was a graduate of Gulfport High and of the Naval Academy at Annapolis and had been on sea duty since his graduation from the latter school and had served in practically every theatre since the beginning of the war. He had been in the Pacific for some time.

His brother Lieut. Tom L. Wallace, Navy, executive officer, aboard a vessel in the Pacific, had arrived home on a leave but had not known of his brother's death before his arrival.

Cub Den, Boy Scouts, Has Picnic at Camp Salmen

The Bay St. Louis Cub Den was entertained with an all-day picnic at Camp Salmen last Sunday. A tour of the entire camp was conducted by one of the counselors explaining the historical background of the camp and camp life. This was very interesting as well as entertaining to Cubs and parents. After a tour of the camp, Cub Leaders, Parents and Cubs had their lunch on the grounds like a real picnic.

After lunch relay games were arranged with all Cubs participating. And last but not least the swimming pool was made available to all. This event was under the supervision of the camp directors and a number of Scout and Cub Leaders insured the adequate safety precautions. This was the high spot of the picnic day.

The Cubs who enjoyed the great Picnic from Bay St. Louis were Jerry Kiefer, Milton Cuevas, Larry Mauffray, Andrew Scafidi, Jimmy Curran, Leonard Benvenuti, Larry Scharff and Freddie Cabell.

The Den Chief, Louis Steahle and assistants Den Chief, Melvin Dennis, helped the Camp counselors in organizing the games and fun.

These boys deserve a lot of credit and respect. Their job is not an easy one and is entirely voluntary. We express our gratitude to Mr. Alden Mauffray, Mr. Joe C. Scaulier and Mrs. Wm. McDermott for getting the Cubs to and from the camp.

Contract For New Baptist Church Let

By Miss May H. Edwards
The new \$45,000 brick church building to be erected on the church's lot has ceased to be a dream and has taken on shape and the contract was let this week to R. P. Farnsworth & Co., of New Orleans.

The Baptist church has made great strides within the past year and has the spirit which assures accomplishment and not defeat. Like all steps toward progress there is a financial side to be considered and though the church has sufficient cash to begin work on the building more money will be needed and the church is taking this means of offering the people of Bay St. Louis and the county an opportunity to have a part in this progressive move.

In giving to the fund for the building of a church, which will stand as a beacon light guiding youth to a Christian haven you are making an investment and an investment of this type brings something to the youth of your community and builds for the future, brings lasting returns.

One of the criticisms of today's religion is that it does not reach the man of the street and a live wide awake church wants to meet that challenge with a house of worship accessible with attractive surroundings and a friendly spirit.

Persons who have been reared in Baptist families and whose preferences for the Baptist faith have at different times expressed themselves to the effect that when something real was done here they would be willing to help and this is their opportunity to have a part in this great forward movement on the part of the Bay St. Louis Baptists.

The Scripture "Give and it shall be given unto you" does not necessarily mean that you will have material returns but rather that you will have the permanent returns that bring to you the reward promised in the Scripture "Well done thou good and faithful servant. Enter thou into the joys of thy Lord."

As this building program goes forward there will be great need of what Kipling called "The Everlasting team work of every blooming soul." With unity of thought and purpose the Bay St. Louis Baptist Church can go forward and reach its goal.

Cling to the things that endure and make an investment in this.

And to the children whom the librarians are so fond of. Do you want to help with this? We feel sure that you will do small amounts from you will be deeply appreciated. You are our friends and we are yours—so the smallest amount you give will be a big gift to us.

PEACE

PRESIDENT Harry S. Truman, at 7 o'clock on Tuesday evening announced to the People of the United States that Japan had accepted the Potsdam Ultimatum. This announcement had been patiently awaited by the American People, from the time that it was first stated that a Japanese note had been received containing a surrender offer.

It brought joy, mingled with tears. It relieved the heavy heart of many an anxious parent.

Hostilities were to cease. The end of the war was at hand. The end of suffering and torture for many of the youth of our Country. The return to their loved ones in time, of the boys and girls who have been engaged in the most bitter war this world has ever witnessed. Peace had again come to a war torn world.

This peace should be maintained. Never again should we have to witness such a slaughter of human beings as has occurred during this conflict.

It strikes us that if people would only reflect for a while, and realize why they are on earth that such conflict could be avoided. If they would only think that Almighty God placed them here for the purpose of serving him, loving him and to be happy with him hereafter we believe that there would be less warfare.

If the people of this great world could accept and follow the Lesson from the Epistle Of Blessed Paul the Apostle to Timothy, Chapter VI, Verses 6-12: "Dearly Beloved. Godliness with contentment is great gain. For we brought nothing into this world, and certainly we can carry nothing out. But having food and wherewith to be covered with these we are content. For they that will become rich, fall into temptation, and into the snare of the devil, and into many unprofitable and hurtful desires, which drown men in destruction and perdition. For covetousness is the root of all evils; which some desiring have erred from the faith and have entangled themselves in many sorrows. But thou O man of God, fly these things; and pursue justice, godliness, faith, charity, patience, meekness. Fight the good fight of faith; lay hold on eternal life."

If greed for power and worldly riches could ever be removed from the face of the earth, which is very improbable as long as human beings exist, it would probably insure a peaceful world.

WAR MEMORIAL

THE action of the Bay-Waveland Garden Club in sponsoring the erection of a War Memorial Building to be located in the City of Bay St. Louis, dedicated to the memory of the gallant men and women of Hancock County who served their country so valiantly in the World Wars is to be commended. It is the service that these boys and girls have rendered that allow us to continue to live our lives in the manner that our forefathers, who fought for our independence, intended. Freedom of Religion, Freedom of Thought, Freedom of Speech, Free to live our lives as we see fit.

We feel that the action of the Garden Club composed of public spirited women of Bay St. Louis and Waveland, will meet with public approval.

It is a tremendous undertaking, but we are certain that the "do or die spirit" that is inculcated into our people will put it over. We have not on any occasion failed in any assignment that has confronted us in the war effort, and now that peace has been restored, we should think of the boys and girls of our County who have helped make it possible. We should feel that they are deserving of any tribute that we may pay them.

The thought of the Garden Club to construct a building to be used primarily as a recreational center for the youth of the community, where they may spend their spare moments in recreation under supervision that will guide them in the right pathways of life. Teach them to understand the ways of life by play and association and inculcate into their minds the spirit of unselfishness and sportsmanship which is so badly needed to-day, is a splendid tribute to these boys and girls to whom this building will be dedicated, for their fight has been one to remove from the world many of the "isms" that have been affecting its youth.

We sincerely hope that the people of Hancock County will respond to the call as and when it is made, and that all will put their shoulder to the wheel and push until success has been attained.

Again we wish to commend the Garden Club for the leadership they are exemplifying in this cause and may their efforts be crowned with success.

GOOD WORK OF COLLINS

THE following editorial from a recent issue of the Louisville Courier-Journal—"Marse" Henry Watterson's old paper—will be read with interest by many thousands of Mississippians:

"Louisville has more than a passing interest in the fifth anniversary of the founding of the Armored Force, observed today at Fort Knox. It is a far cry from the battalion of tanks which existed at the birth of this branch of the Army to the sixteen divisions which, five years later, tore the German Army to shreds.

Special tribute is being paid today to the late General Adna R. Chaffee, popularly called the father of armor; Generals Deviers, Gillem and Scott who developed it. With all of them Louisville has enjoyed intimate and special friendship. Nor should former Representative Ross Collins of Mississippi, be forgotten in the present achievements of the Armored Force. His insistence upon tanks and mechanization when he was a member of the House Military Affairs Committee, often against opposition within the Army itself, was a lasting contribution to modernization of American ground forces.

A armor is already playing a substantial role in the Pacific, but the nature of the terrain has not yet permitted it to throw the Sunday punch it developed in Europe. But it is now an integral part of virtually all operations and it no longer has to plead for a place in the sun as in the days when it was being pioneered by the few who had faith in its future.

The tribute paid in the above to Ex-Congressman Ross Collins is well deserved.

The fact that we are now turning out big bombers by the multiplied thousands is due to a very large measure to the persistence of Ross Collins who battled relentlessly to have our army air corps made powerful.

It was the big bombers for which Ross Collins fought that put Italy and Germany out of business and they are now doing a splendid job in liquidating Japan.

The newest bomber, known as B-32, is the logical sequence of the B-17 type of aircraft for which Ross Collins so insistently contended. Our nation will always owe him a debt of gratitude for the services he rendered in the development of aerial warfare. Jackson Daily News, Sunday, August 5, 1945.

Bay St. Louis Coast Guardsman in Pacific

LEO P. BLAIZE, R. M. 2c

Leo P. Blaize, Radioman Second Class, United States Coast Guard is shown at work aboard a Coast Guard-manned troop transport in the Pacific. The big troop ship has delivered men and material to the front. He was married to the home on leave a short time ago and until that time he had served aboard a Coast Guard-manned invasion transport and saw action during assaults on Saipan, Tinian, Leyte, Luzon and Okinawa. He is a former Deputy Clerk of Courts of Hancock County and at the time of his enlistment was connected with the Magnolia State Supply Co. He is the son of Mr. and Mrs. Leo (Cotlar) Blaize, and is married to the former Miss Josie Scafide, who with their young daughter Andrea, live in Bay St. Louis. COTTON CROP

The government's August estimate of the 1945 Cotton Crop has been received at the State Capitol, and indicates that the production of cotton in 1945 will be more than two million bales under the 1941 production. The estimate for the 1945 crop is 10,124,000 bales and Mississippi 1,940,000. In 1944 Mississippi produced 1,937,000 bales and the per-acre yield of lint cotton was far ahead of other states in the group of "cotton states."

COL. GRAYSON WOUNDED

Col. Thomas J. Grayson, former Adjutant General of Mississippi, is now confined to Deshon General Hospital, at Butler, Pennsylvania, where he is recovering from wounds received in the battle of the Philippines. Col. Grayson was wounded in World War I and again in World War II. His last assignment was rebuilding and reorganizing the Manila Police Department. The people of Mississippi will note his improvement with interest.

TAX COLLECTIONS

The Tax Commission reports collections in seven months and seven days of 1945 as \$20,314,951.97, which is a slight lead over 1944 collections in the same period. The sales tax accounts for \$9,095,318.02 or 44.77% of the total, and is more than a million dollars ahead of the 1944 collection. The income tax collection for this year is almost two million dollars behind last year, due, in the main, to the lower rate provided by the last session of the Legislature. Tobacco tax collections for 1945 are \$2,279,497.57, which is slightly more

than 60 thousand dollars ahead of the 1944 collection for the same period. The general fund balance in the treasury on August 8 was \$21,974,783.74. Heavy drafts on the treasury in the next few weeks will somewhat reduce that amount.

BONDS REFINANCED

Within the past few months the State Bond Commission has refinanced outstanding highway bonds at an ultimate saving of \$1,276,846.92 in the interest rate. The ready sale of the new bonds at a low rate of interest indicates that the credit of the state is excellent.

JOHN RANKIN

Congressman John E. Rankin of the First Mississippi District has been giving Congress something to think about in the danger, which he points out, to this government in giving recognition and commissions of authority to Communists who would wreck the American Government if they could have their own wishes. Mr. Rankin refers to literature now being circulated which outlines some of their vicious aims and objects. He thinks Gen. Patton, or one of his stamina, should be made Secretary of War if and when Stimson resigns. Mr. Rankin has made some charges which Congress cannot afford to ignore or pass lightly.

PRESS MEETING

The Board of Governors of the Mississippi Press Association held a meeting in Jackson last week and decided that the annual meeting of the Association this year will be held in Jackson on September 15-16. President Sellers of Lucedale appointed a committee to arrange for the meeting and announce a program for discussion. The meeting should be one of more than ordinary interest on account of the post-war attitude sure to enter the plans and discussions.

MORE OIL

At least one new oil field is reported from South Mississippi, and it may be two in a very few days. This brings the number of fields to fourteen at least. Records in the office of H. M. Morse, Oil and Gas Supervisor, show that from the discovery well in 1939 to June 30, 1945, the wells in the state produced 93-Tobacco tax collections for 1945 are 128,689 barrels of crude oil. And the production of natural gas in the state

TO THOSE WAITING FOR TELEPHONE SERVICE

THERE are several major items of equipment that must be manufactured in quantity and installed before telephone service can be provided for all who are now waiting!

THE end of war in Europe has not materially changed the facilities shortage situation. Even after the manufacturing plants convert from war to peacetime production and the necessary equipment does become available, additional time will be necessary to install it and get it into operation. You can be assured that we will do the job as fast as humanly possible.

Methodist preacher of Jackson, for the past twenty-five years President of the Mississippi Children's Home Finding Society, died last week at the age of seventy-two. A new state bank has been organized at Corinth with a capital stock of \$50,000. The recent rains in the state have encouraged the mill weevil to do his dirty work, and cotton is being damaged. Dr. Underwood states that already forty-eight cases of undulant fever have been reported in the state this year. The highest record for a full year prior to this time was forty-five cases. "Hawm Mags," the world's largest airplane, crashed into Chesapeake Bay and went to the bottom on August 5. It is reported from Washington that the Treasury spent \$42,635,436 advertising the Seventh War Loan. This is said to be the largest amount ever spent advertising a single campaign. During the recent season for planting trees 3,702,000 seedlings were shipped from the nurseries and planted in sixty-two out of the 82 counties of the state. The Merchandise Mart, largest commercial building in the world was sold a few days ago by its owners Marshall Field and Company, to the Joseph P. Kennedy family, for \$30,000,000. The Baptist Orphanage, located in Jackson, and owned by the Baptist State Convention has announced a building and expansion program to cost \$250,000.

HOW IS MY WIFE MAKING OUT;

We owe a debt to this man. Adding a worry is not the way to show our gratitude. The security of his wife and family depends upon us. Our job on the home front is to heed ceiling prices. Then we won't over buy and cause an increase in prices. We'll check the black market and make it easier for servicemen's wives and others with low, fixed incomes.

Logtown News

On Tuesday evening, two hours after the end of World War II was announced a service of thanksgiving and praise was held in the Methodist church. Rev. W. B. Jones, Mr. Lamar Otis and Mr. C. W. Fountain gave short talks. A special tribute was paid to Logtown citizens who served their country during the war. This little community was represented in the Army, Navy, Coast Guard, Marines, Merchant Marines, Army Air Corps, and Seabees. Enlisted men and commissioned officers alike should be commended for their wonderful work. They went into other sections of our country, into other countries, continents, islands of the Atlantic and Pacific Oceans. Soon we will welcome them home. Not only those in uniform, but civilians as well, did their part to help win the victory. Red Cross-First Aid classes were held, Civilian Defense units formed, Red Cross Sewing and Bandage rooms organized, scrap paper drives were conducted by the school children. Men and women worked in war factories and other important industries. The people of Logtown, as always did their job well.

Mr. Pete Lutken of Jackson and his son, Major Pete Lutken were visitors at Bogue Homa, the old Koch home, on Sunday. Major Lutken had some interesting things to tell about his life in the jungles of Burma, where he has been for the last three years, but said "I want to go back. I have so many friends there." Mr. and Mrs. Lutken, their son and a friend are spending this week in Biloxi. Other visitors at Bogue Homa were Mr. Stanley Koch of Jackson, and his brother and sister-in-law, Mr. and Mrs. Christian Koch.

Arriving on Saturday to spend a week's vacation in the home of his grandfather and aunt, Rev. W. B. Jones and Miss Grace, was W. B. Jones of Nashville, Tenn.
